

Playhouse on Park Covid-19 Policy for Main Stage Performances, Comedy Nights & Playwrights on Park

This policy is in effect through October 31, 2021

In order to ensure we can continue to produce theatre in the safest manner possible, Playhouse Theatre Group, Inc. has implemented the following Covid-19 Policy for all Main Stage, Comedy Night and Playwrights on Park performances:

Playhouse on Park requires all patrons to be fully vaccinated*. A vaccination card along with a Government Issued ID will be required in order to attend a Main Stage, Comedy or Playwrights on Park performance in the theatre. Patrons who do not present a vaccination card and government issued id will not be allowed to enter the theatre. You may show the physical vaccination card or a photo of it on your phone.

Per the Town of West Hartford Indoor Mask Mandate: All patrons, volunteers, vendors, staff members & production crew must be masked at all times. Masks must cover both mouth and nose. Performers (actors & musicians) are exempt from wearing masks only while on stage during performances.

Playhouse Theatre Group, Inc is a fully vaccinated company. All Playhouse on Park Staff, Actors, Musicians, Volunteers, Vendors, & Crew are required to be fully vaccinated.

Concessions will not be sold. BYOB is not permitted at this time. Opening Night wine and cheese receptions are cancelled at this time. Water will be sold/permitted.

****In order to be fully vaccinated you must be two weeks past your final vaccination***

The only exceptions to the above policies are:

Patrons under the age of 12, who must be accompanied by an adult that meets the above vaccination requirements; or patrons who need reasonable accommodations due to a medical exception or a sincerely held religious belief.

Patrons who are not able to be vaccinated, for one of the reasons listed above, must provide, instead of evidence of vaccination, proof of one of the following: negative COVID-19 antigen test taken within 6 hours of the performance start time, or negative COVID-19 PCR test taken within 72 hours of the performance start time.
